Project Profile

Architect: CC Hogdon
Architectural Group
Beachwood, Ohio

Contractor: Messer Construction
Cincinnati, Ohio

The Project

The new assisted living facility is centrally located and interconnected with the other buildings on the campus through a unique crescent-shaped design which gave name to the new building, Assisted Living Crescent Crossing Building. The 95,500 sq. ft. building includes 74 resident apartments split between three neighborhood household floors with the entry level accommodating a new formal dining area, a glassed conservatory, and outdoor dining.

Washroom Systems

[VIEW PRODUCTS](#)

74 resident showers were outfitted with:

- Front Trench Drain Shower Bases in Quarry
- Decorative Panel Shower Walls and Wedge Trim in Arid

obsessed with protecting buildings®

How they look. How they function.
And how they protect the health and safety
of the people who use them every day.

That's why we make hundreds of architectural
products all under one roof and work tirelessly to
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't
have it any other way.
