FEATURES AND BENEFITS

- Dual shades can be installed in two ways: staggered on a dual bracket; or tandem, hung one in front of the other using individual brackets.

- Featuring our proprietary, all-in-one SoloMount® Brackets: Ceiling, Wall or Jamb mount capable allowing easy, on-the-fly adjustments. Mounting flange is extendable for Wall Mount applications.

- Available with Front Fascia, Rear Fascia, or Both, SoloMount® is designed to accept fascia at the time of order or any point in the future.

- Lightweight, balanced spring tension for optimal shade positioning with the touch of a finger.

- Metal to metal contact points on Idle side of the shade ensure a sturdy and reliable connection to the bracket.

- Handle and optional extendable operating wand for tall or hard to reach shades.

- WT Shades are available with our WT Shade fabrics, or Mermet® and Phifer® fabrics. Visit WTShade.com to view fabric options, and other options and accessories, including Regular or Reverse Roll and various Hembar styles.

- Construction Documents for this system and others available at WTShade.com.

- Third party certified to meet WCMA Best for Kids Program Eligibility.
